Notes:

New Hampshire Housing provides this table for your convenience.

Project Managers should use the specific rent and income limits applicable to their project's funding sources and follow the specific program rules provided by the US Department of Housing and Urban Development.

Fair Market Rent: Is based on the 40th percentile rent for a 2-bedroom unit in the identified area, adjusted for the number of bedrooms. HUD publishes FMR numbers with an effective date of Oct. 1, dated for the following year. (i.e.. 2012 FMR's are effective on 10/1/11)

50% Rent Limit: Is 30% of the adjusted income of a family whose annual income equals 50% of the median income for the indicated area. Adjustments are made for family size, under the assumption units are occupied at the rate of 1.5 persons per bedroom. Adjustments are also made in areas with unusually high or low incomes.

60% Rent Limit: Is 30% of the adjusted income of a family whose annual income equals 60% of the median income for the indicated area. Adjustments are made for family size and income in the same manner as above.

65% Rent Limit: Is apx. 30% of the adjusted income of a family whose annual income equals 65% of the median income for the indicated area. Adjustments are made for family size and income in the same manner as above. Additional adjustments are made by HUD, and this number can not be calculated. It is published by HUD typically in February or March of each year.

High Home Rent: Is the lesser of the Fair Market Rent or 30 percent of the adjusted income of a family whose annual income equals the published 65% Rent Limit, except when this number is less than the prior year limit. This number only changes when HUD publishes a new 65% Rent Limit and High Home Rent number.

Low Home Rent: Is the lesser of 30 percent of the adjusted income of a family whose annual income equals 50% of the median income for the area (the 50% Rent Limit) or the High Home Rent, except when this number is less than the prior year limit. This number only changes when HUD publishes a change.

HERA Special Rents: Rent Limits for any project in a HUD impacted area whose current limit would be less than last year or less than its FY2008 limit times the FY2011 Median over the FY2008 median. HUD impacted areas are areas with Section 8 Income Limits held harmless by HUD in FY2007 or FY2008.
