What is GOAL?

It's about increasing your income and saving money — as you reach your employment and/or homeownership goals.

The GOAL Program is offered only to New Hampshire Housing's Housing Choice Voucher clients.

Who joins GOAL?

Everyone who joins GOAL has one thing in common — the desire to improve their family's financial situation. GOAL clients are New Hampshire Housing HCV clients who are working hard to get ahead, but still find it difficult to make ends meet.

Successful GOAL clients set goals and work hard toward a better future for themselves and their families with the support of a GOAL Coach.

Homeownership

Get support along the way to achieving your goal of homeownership!

If you have a history of steady employment and a goal of homeownership, the GOAL Fast Track path may be the one for you.

A GOAL Homeownership Coach specializes in helping you to:

- Focus on the steps to becoming a homeowner.
- Understand your credit report and repair it, if needed.
- Find the home (and financing) that is right for you and your family.

As a Fast Track participant, you will have a streamlined process to get the help you need now!

Escrow account — Start saving as soon as your earned income goes up!

When receiving rental assistance: as your income goes up, your rent goes up. If you are a member of the GOAL Program, funds up to the amount of your rent increase caused by earned income will be deposited into an escrow account for you. This is money you receive once you meet your goals!

THREE more ways to reach your goals!

- The Virtual Goal Coach Web site — plan and track your goals and find the information and resources you need to reach them 24/7.
- Job search support via 800# calls — for tips and resources on finding a job and to connect with other people looking for work.
- Education and support via 800# calls — for all of your self-sufficiency goals.
