## **New Hampshire Housing – Homeownership Division Program Fee Guide**

As required by HFA 301.08(a), the following provides a “Program Fee Guide” for New Hampshire Housing Finance Authority (NH Housing) Homeownership Division’s programs. NH Housing may charge a fee to: 1) apply for or get access to a program; or, 2) participate in doing business with NH Housing, as outlined in the Homeownership Divisions administrative rules posted on <http://www.nhhfa.org/program-rules>.

When reviewing the Program Fee Guide, consumers and business partners must also be aware that in addition to these fees, there may be other fees or costs associated with working with NH Housing. This guide, therefore, is not a comprehensive list. For example, a borrower may be required to pay costs such as: credit reports; appraisals; title work; and inspections. Additionally, business relationships with NH Housing will be subject to other documents such as contracts that spell out other fees and costs.

Please visit [www.NHHomeownership.org](http://www.NHHomeownership.org) and [www.nhhfa.org](http://www.nhhfa.org) for additional fee information, program rules and requirements.

NH Housing may revise this Program Fee Guide at any time by releasing an updated guide.
