##### Chapter 13-Section 13.6 Homeownership Program

The program cap was set twenty years ago when the program first began. We never needed the cap, so it is being removed.

~~The Authority shall make available 250 vouchers to be used in the Housing Choice Voucher Homeownership Program. A waiting list will be maintained when the number of participants exceeds the maximum of 250. Interest in the Housing Choice Voucher Homeownership Program will allow a participant to place their name on the waiting list. The participant does not have to be pre-approved for a mortgage or determined eligible for the special program before being eligible for waiting list placement.~~
