## **How the Public Housing Authority (PHA) Plan is consistent with the Consolidated Plan and the Analysis of Impediments to Fair Housing**

As lead agency, New Hampshire Housing Finance Authority (NHHFA) is responsible for coordinating the activities of the three organizations involved in developing New Hampshire's consolidated plans, action plans, and consolidated annual performance evaluation reports. New Hampshire Housing Finance Authority has administered the state HOME Investment Partnerships, Housing Trust Fund and Low Income Housing Tax Credit programs since their inception and shares the state's Tax-Exempt Bond authority with the Business Finance Authority. New Hampshire Housing Finance Authority also administers a statewide Section 811 PRA Program, Section 8 Housing Choice Voucher program, a Family Self Sufficiency Program, homebuyer education and mortgage programs, and performs Project Based Contract Administration for HUD.

The New Hampshire Consolidated Plan identified the high-cost burden for housing as a major need for New Hampshire households and families. New Hampshire Housing's Public Housing Authority Plan (PHA) is consistent with the Consolidated Plan and states that we will apply for Housing Choice Vouchers that become available, participate in the HUD Veterans Affairs Supportive Housing (VASH) program, support Project Based Voucher (PBV) production, Emergency Housing Vouchers, Stability Vouchers, and continue the preference for rent burdened/at risk of homeless individuals. We have identified a preference for veterans and for victims of domestic violence, which is equal to the rent burdened/at risk of homeless preference.

The highest priorities identified in the Consolidated Plan were to develop and preserve affordable rental housing for low and very-low-income families. That priority is addressed in our PHA Plan through various preferences and programs that include supportive services and by applying for any new vouchers. To develop and preserve affordable rental housing, we remain supportive of new PBV production.

The PHA Plan is consistent with the Analysis of Impediments in the way that it addresses the Limited English Proficiency (LEP) law, Violence Against Women Act (VAWA), Lead Paint Poisoning Prevention, and all other Fair Housing Law requirements. The major impediments which can be addressed with the Housing Choice Voucher program include lack of affordable housing and discrimination of families with children due to lead in the home. In January of 2021 we were awarded \$4,983,542 federal Lead Hazard Control & Healthy Homes grant. An additional, \$6M in state funds have been made available through 2 appropriations to be used in conjunction with federal grant funds to support lead remediation of housing units where a child under 6 years of age and/or pregnant women may reside. During this grant cycle 219 units have been cleared and 307 units have been inspected using state and federal funds. New Hampshire Housing addresses the lack of affordable housing by maintaining high utilization of our current voucher baseline and by securing new vouchers when available. The discrimination of families with children due to lead in the home is addressed by administering the program well so that new owners will be encouraged to participate and by fair and equal administration of the Housing Quality Standards as it relates to lead in the home.
