

**FY 2026 Opioid Use Disorder Supportive Housing Capital Program
Notice of Funding Opportunity
AMENDMENT #1
February 27, 2026**

This notice amends Section 7 of the Threshold Criteria in the FY 2026 Opioid Use Disorder Supportive Housing Capital Program [Notice of Funding Opportunity \(NOFO\)](#).

The requirement described in Section 7 is replaced with the following requirement:

Maximum Per-Unit Subsidy Limit – Projects will be limited to the lesser of a maximum project subsidy from New Hampshire Housing of **\$3,000,000** OR \$300,000 per OUDSHCP funded unit. Shared Bedroom units are each considered one unit, regardless of the number of resident beds that will be contained within the unit. The maximum per-unit subsidy limit is based on the total number of units being created new or improved as part of a substantial rehabilitation. Applicants must reference the appropriate subsidy amount in the completed financing application submitted with the Project Application.

All other requirements of the NOFO remain the same.

If you have any questions please contact Emily Boisvert, Senior Manager, Multifamily Lending, at eboisvert@nhhfa.org or (603) 310-9364.

Thank you,
Multifamily Housing Development Team
